

## Pumpkin Race Rules

All Pumpkin Racers must design and race their pumpkins according to these very few important rules to ensure the race is fun and fair to everyone.

**RULE #1:** Craft your Pumpkin Racer using a single pumpkin.

**RULE #2:** Insert two independent axels through your pumpkin and attach wheels to the axels. Spice up your racer with style.

**RULE #3:** You may not attach your pumpkin onto a pre-fabricated chassis of any kind (skateboard, stroller, Tonka truck, etc., etc...) A.K.A. The "Anti-Stealth" Rule.

**RULE #4:** NO EXPLOSIVES or PYROTECHNICS.

**RULE #5:** No pushing or "helping" your Pumpkin Racer on the starting line. Our Race Officials have seen it all - the last minute shove, the hidden thumb flick, the early release, the remote control chassis, etc. etc. See Rule #6.

**RULE #6:** NO CHEATING. Feel great about being honest and fair. Don't be tempted to be a Cheater Pumpkin. Use the honor system and obey the spirit of these rules.

**RULE #7:** No exceptions to race start time. Please show-up early enough to prepare your pumpkin!
